

What Sets Us Apart

SELECTIVE: It's all about the caregivers. We use a rigorous screening process with a thorough 50-state, multi-jurisdictional background check.

CUSTOMIZED: Caregiver skills are tested to ensure they can take care of our clients' needs and we make consistent, on-going Quality Assurance checks to ensure the caregiver is a good fit in terms of skills and personality.

ELITE CARE TEAM: We are very picky: only 2 out of 10 applicants are good enough for our caregiver team.

RELIABLE: We are proud to say that since our start in 2009 we have never missed a required visit. Several snow storms slowed us down but we got there.

VERSATILE: No deposit to start services. We care for all ages: infants to seniors. There is no extra cost for nights or weekends..

RESPONSIVE: We answer our phones 24-hours a day, 7 days a week.

EXPERIENCED: Personal Care Providers, Home Health Aides, Certified Nurse Assistants and Dementia Specialists with continuous training by LPN's and RN's to keep their skills sharp.

ACCOUNTABLE: Telephony system accurately tracks and records caregiver service hours.

QUALITY CARE SOLUTIONS

- Companionship and more
- Doctor Appointments
- Medication Reminders
- Personal Hands-On Care
- Specialized Dementia Care
- Transportation, Errands

"I have worked with various home care agencies but have never experienced the responsiveness and compassion that I have found with Homewatch CareGivers. There is no one quite like Homewatch CareGivers. They consistently go the "extra mile" for my clients and me no matter what the need. I trust them explicitly and recommend them without hesitation."

- Debera Powers, Licensed Clinical Social Worker (LCSW)
